Do you want to become a member of your Patient Reference Group (PRG)?

Your PRG helped shape this questionnaire and will be involved in the changes taking place at your surgery following the results of this survey.

PRGs usually only meet 4 times per year, depending on the members' preference.

They discuss the service provided at your surgery and help make decisions on changes to improve the health care provided.

Don't want to be a full member?

You can also be a virtual PRG member. This means instead of attending the meetings, your surgery will occasionally email you for your opinion on matters important to the surgery.

If you are interested in being a member or virtual member, please ask a member of staff for more information.
