### What can you do with SystemOnline?

#### Appointments

It is currently only possible to book a doctor's appointment via the online system, please continue to contact reception for nursing appointments. If you are unsure as to whether you need a doctor or nurse appointment, please contact the surgery. Appointments are currently set at 10 minutes, if you feel that you need longer with your doctor; please contact the surgery to make an appropriate appointment. If an appointment for the doctor of your choice is not available at the time you require this is because there are currently no pre-bookable slots available, please try again on the next working day. If subsequently you decide that you no longer require the appointment, please ensure that it is cancelled to enable the time to be offered to someone else. Please cancel by either the online facility or by telephoning reception.

#### Medication

You can request your repeat medication from SystemOnline. You will be able to tick which items you would like, and the message will go straight through to the surgery. **For items that are not on repeat, you will need to bring it in writing to the surgery.** Scripts will take 48-hours to be ready, and if you have a nominated pharmacy picking up your scripts, it will take 72 hours for your script to be at your chosen pharmacy.
